

ASCT/ASC PRESENT

Advanced Cytopathology Education

PERSONALIZED FOR YOUR FUTURE

MAY 4 - 6, 2018

HILTON SALT LAKE CITY CENTER | SALT LAKE CITY, UTAH

JOIN THE AMERICAN SOCIETY FOR CYTOTECHNOLOGY AND THE AMERICAN SOCIETY OF CYTOPATHOLOGY AS WE BRING TOGETHER THE LONG STANDING ASCT ANNUAL CONFERENCE AND THE ADVANCED CYTOPATHOLOGY EDUCATION (ACE) MEETING.

ASCT/ASC ACE PROGRAM

The American Society for Cytotechnology (ASCT) and the American Society of Cytopathology (ASC) team up in 2018 to invite you to beautiful Salt Lake City to expand and enhance your skills in a three-day educational conference on May 4 through May 6.

The ASCT is committed to bringing key educational opportunities to its members and cytopathology professionals so they are able to meet current and future needs in the area of cytopathology. In this way, teaming up with the ASC and ACE is a natural fit.

ACE, at its core, is structured to bring advanced cytopathology topics to regional areas based on current and emerging needs.

ACE is an education program created to assist you in transitioning into other practice areas by refining, expanding and strengthening your skills. This is the most proactive way for you to navigate your journey through your changing profession so that you remain in demand and an integral part of the laboratory team.

Primary audience: cytotechnologists, cytotechnology students, cytopathologists, pathology residents, and cytopathology fellows.

TAKE CHARGE OF YOUR FUTURE AND ADVANCE YOUR CYTOPATHOLOGY SKILLS TODAY!

The ASCT and ACE conference will cover the current and future Cytopathology changes and developments with:

✓ Highly comprehensive and customized education

✓ Engaging and interactive educational strategies

✓ A dynamic, world-renowned faculty

See what last year's attendees are saying:

Excellent variety and quality of talks. A few of the talks particularly gave me a better appreciation for cytotech's concerns and interests going forward.

This conference was packed with relevant information presented by excellent, passionate speakers.

I enjoyed all of the different lectures. I was very interested to learn how the job of the cytotech is changing and evolving with the advances that are being developed in the realm of cytopathology.

ACCREDITATION AND DESIGNATION STATEMENTS

Continuing Medical Laboratory Education (CMLE)

The American Society of Cytopathology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American Society of Cytopathology designates this live educational activity for a maximum of 18.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Continuing Medical Laboratory Education (CMLE)

The ASC designates this activity for a maximum of 18.25 Continuing Medical Laboratory Education (CMLE) credit hours for non-physicians. The CMLE credit hours meet the continuing education requirements for the ASCP Board of Registry Certification Maintenance Program. Participants should claim only the credit commensurate with the extent of their participation in the activity.

Cytotechnologists with Licenses in Florida and California

This program is approved for 18.25 continuing education credits in the State of Florida and 18.25 in the State of California. The credit on each link is good for three years from the live presentation date.

PROGRAM ENDS

ON BEHALF OF ASCT AND ASC, THANK YOU FOR ATTENDING!

WE HOPE TO SEE YOU AT ACE 2019
